

Upwey-Tecoma Bowls Needs Help

Coach Tighe Offers Services

The club fell victim to an elaborate scam last month when paying for a replacement green that was lost due to floods in November 2022.

Located in The Dandenong Ranges, Vic. the club did not escape the floods when a nearby creek broke its banks, consequently flooding and lifting the main green.

This event alone significantly impacted the club's revenue and events last summer. The green was covered by insurance and replaced after the completion of the busy season in April 2023.

Upwey Tecoma bowls club is 96 years old this year, catering for over 100 members ranging from school-age boys and girls to men and women over 80. We rely solely on volunteers to operate our not-for-profit sports Club and are an integral club within the local community.

We are seeking support from the wider community to help us raise funds so that we can continue to provide a facility widely used by the local community. Please help our small sporting club get back on its feet and enable us the chance to reach our centenary year.

BA did a media release this week and the club set up a 'Go fund me' page.
