Strategies for Fours**

Performance Strategies- Fours teams

Tactical Skill	Training, How to...	Outcome sought
Mat placement	Set it at maximum or minimum	% advantage over opponents
Jack length	Imperative to roll to our chosen length	More bowls in head
Close to Jack first bowl	Sets the standard	Raises confidence, upsets them
Reading the head	Stop watch workshop	Exude confidence
Decision making	Simulate heads to prepare	Anticipate early
Game strategy	Front end & back end roles	Gain to win or maintain them
Objectives	Know when to concede	Minimize losses
Basic principles	Invest by 2 in the head, one behind early	Second or third shot basis
Game plan	Length, bowls in head, roles	Weakest to lift, others steady
Player roles	Draw, support, minimize, alter tactic	A team has 4 in it, = contribute
Assess opposition	Practice sensory awareness	Brittle ones, technical doubt
Assess our performance	Segment, be aware	Lengths, hands & weighted
Sensory awareness	Train ears, eyes by watching bodies	Skips & thirds role
Segment game	Train mini games to assess effort	Progress review, next plan
